SUMMARY

Detail-oriented Full-Stack Developer specializing in the MERN stack (MongoDB, Express.js, React.js, Node.js). Experienced in building secure, scalable web applications, REST APIs, authentication systems, database-driven features, and responsive frontend interfaces. Strong foundation in Data Structures and Algorithms (DSA), software design patterns, problem solving, and modern web development.

EDUCATION

Bachelor of Technology, Computer Science Engineering — **June 2026**
Mahakal Institute of Technology and Management, Ujjain — CGPA: 7.09

Senior Secondary — **2022**
Saraswati H.S. School — MP Board — Percentage: 79.8%

Secondary — **2020**
Saraswati H.S. School — MP Board — Percentage: 91.5%

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS
- **Backend:** Node.js, Express.js, REST APIs, JSON
- **Database:** MongoDB, MySQL
- **Tools:** Git, GitHub, Postman, VS Code
- **Core:** Data Structures & Algorithms, DBMS, CRUD Operations
- **Soft Skills**: Analytical Problem Solving, Creative and Confident, Proactive Leadership, Communication

PROJECTS

Dev Collab – Developer Collaboration Platform — Jan 2025 – Apr 2025
- Developed a full-stack platform enabling developers to collaborate via GitHub OAuth and real-time repository validation.
- Implemented high-security authentication using Access/Refresh tokens stored in HTTP-only cookies to prevent XSS attacks.
- Architected a scalable backend with Node.js and MongoDB to handle concurrent structured discussions.

GoalCraft – Interview Experience Sharing Platform — Mar 2026 – May 2026
- Developed a full-stack interview experience sharing platform for students using React.js, Node.js, and MongoDB.
- Implemented JWT authentication, profile management, and bookmark features for personalized user experience.
- Integrated Cloudinary file uploads and advanced search/filter functionality for efficient interview content management.

Scatch – E-Commerce Web Application — Nov 2025 – Jan 2026
- Developed a full-stack E-Commerce web application (Scatch) using Node.js, Express.js, MongoDB, and EJS.
- Implemented secure user authentication (JWT & sessions), product management, and cart functionality.
- Gained hands-on experience in CRUD operations, backend architecture, and server-side rendering.

INTERSHIPS

Python Intern – IndusAI Solutions Certificate
- Completed a Python internship focused on core Python concepts, scripting, and problem-solving, automation and data handling.
- Applied programming fundamentals to write clean, efficient, and well-structured code.

Software Development Intern (C, C++, DBMS) – Affimintus Technologies, Indore Certificate
- Gained practical exposure to C, C++ and DBMS fundamentals through hands-on development tasks.
- Implemented programming exercises, database queries, and logic-based solutions to strengthen core Computer science concepts.

CERTIFICATES

Full Stack Web Development | Coursera | Issued: Aug 2025
View Certificate
Gen AI 101 | Future Skills Prime | Issued: March 2026
